

HARRITY
ACADEMY™

FREE ONLINE PATENT COURSES

For Diverse
Engineers

Beginning
9/14/2021

Join engineers from across the country in our diversity-focused online patent program and learn how to launch your career in the patent field from the Go-To Firm for the Patent 300™!

The Harrity Academy™ is comprised of free, online courses taught by Harrity attorneys to introduce diverse engineers to the field of patent law; provide exclusive training, practice materials, and mentorship; and teach how to effectively and efficiently draft and prosecute high-quality patent applications. The goal of this program is to help increase the number of diverse candidates entering the patent field while enhancing the quality of their overall practice.
